ORDERS IN COUNCIL.

GOVERNMENT HOUSE,

VICTORIA, B.C., July 30th, 1935.

PRESENT:

HIS HONOUR THE LIEUTENANT-GOVERNOR IN COUNCIL.

WHEREAS by "An Act respecting Pound Districts" it is enacted that the Lieutenant-Governor in Council may, by Order in Council made public by notice in The British Columbia Gazette, constitute any part of the Province of British Columbia not within the limits of a municipality into a pound district:

And whereas under the provisions of this Act application has been made by proprietors of land in Benvoulin and Mission Creek School Districts, in the South Okanagan Electoral District, the boundaries of which may be described more particularly as: Commencing at the most southerly corner of Lot 132, Osoyoos Division of Yale Land District; thence southerly following the easterly boundary of Lot 3036 of said Osoyoos District to the northerly boundary of Section 5, Township 26, of said Osoyoos District; thence easterly following said northerly boundary and that of Section 4 of said township to the south-east corner of the West Half of Section 9 of said township; thence northerly following the easterly boundary of said half-section and those of Sections 16 and 21 of said township to high-water mark of the southerly bank of Dilworth (Dry) Creek; thence in a westerly direction along said high-water mark and that of the southerly bank of Kelowna (Mill) Creek to the easterly boundary of the Municipality of Glenmore as defined by notice in The British Columbia Gazette under date of October 5th, 1922; thence southerly following said easterly boundary of said municipality to the most southerly south-east corner thereof; thence westerly following the southerly boundary of said municipality to the easterly boundary of the Municipality of Kelowna as defined by notice in the aforesaid Gazette under date of June 14th, 1934; thence southerly following said easterly boundary to the south-east corner of Lot 138 of said Osoyoos District, being a point on the southerly boundary of said Municipality of Kelowna; thence westerly following said southerly boundary of said municipality to the easterly boundary thereof; thence southerly following said easterly boundary to the north-east corner of Block 24, as shown on plan deposited in the Land Registry Office at Kamloops, B.C., and numbered 186, and continuing southerly along the easterly boundary of said Block 24 to and along the easterly boundary of Block A, as

shown on Registered Plan No. 2086, to the south-east corner of said Block A; thence easterly in a right line across Richter Street to the south-westerly corner of Block B, as shown on said Plan No. 2086; thence south-easterly following the south-westerly boundary of said Block B and the westerly portion of the southerly boundary of Block 35, as shown on Registered Plan No. 1848, to the point of deflection of said southerly boundary of Block 35; thence easterly following the easterly portion of said southerly boundary of Block 35 and the southerly boundaries of Blocks 38, 39, and of Lot A, as shown on said Plan No. 1848, produced to the westerly boundary of Lot 131 of said Osoyoos District; thence southerly following said westerly boundary of said lot to the south-westerly corner thereof; thence south-easterly following the south-westerly boundary of said Lot 131 and that of Lot 132 aforesaid to the point of commencement:

And whereas notice of intention to constitute such portion of land a pound district was given in accordance with the requirements of the Act, and, following such, notice of objection was made by certain proprietors within the proposed pound district:

And whereas a further notice was published requiring a majority of the proprietors within the proposed pound district to forward a petition requesting that the proposed pound district be constituted:

And whereas in response to the latter notice 146 persons qualified to sign the petition have signified their approval of the application:

And whereas the Act provides that if the petition of the majority of the proprietors be forwarded to the Minister of Agriculture, then in such case the proposed pound district may be constituted:

On the recommendation of the Honourable the Minister of Agriculture and under the provisions of the "Pound District Act," His Honour the Lieutenant-Governor of British Columbia, by and with the advice of his Executive Council, has been pleased to order, and it is hereby ordered, that the above-described area be constituted a pound district.

G. M. WEIR,
7179-au8 *Clerk of the Executive Council.*

ATTORNEY-GENERAL.

"GAME ACT."

HIS HONOUR the Lieutenant-Governor in Council has been pleased to order that the Game Regulations for the year 1935-36, made by Order in Council No. 893, approved July 13th, 1935, be amended by adding after section 6 the following section, namely:—

"6a. The killing, taking, or trapping of fur-bearing animals by the use of spring-pole traps anywhere in the Province is prohibited."

"MARRIAGE ACT, 1930." (Chap. 41, Sec. 37.)

WHEREAS Paul Hugo Brozer and Elizabeth Terepotsky, both of Abbotsford, in the Province of British Columbia, were, by Licence Number 12725B, duly issued, purported to be joined in matrimony by the Rev. B. Csaki, D.D., at St. Ann's Church, at Abbotsford, on the 10th day of December, 1934:

And whereas it appears that the Rev. B. Csaki, D.D., was not authorized under the provisions of the "Marriage Act" to perform the ceremony of marriage between the said parties:

And whereas evidence, by statutory declarations, has been filed with me in the terms of section 37 of the "Marriage Act":

Now, therefore, I, the undersigned, by virtue of the powers in me vested by said section 37, do hereby declare the requirements of the "Marriage Act" as to the registration of the said Rev. B. Csaki to solemnize marriages to be waived in respect of the marriage ceremony performed by him as aforesaid; and I do hereby further, by virtue of said powers, declare that the said marriage shall be deemed to be and is and has been from the date of the solemnization thereof a lawful and valid marriage.

Given under my hand at Victoria, British Columbia, this 5th day of August, 1935.

DEPARTMENT OF WORKS.

"BOILER INSPECTION ACT."

July 26th, 1935.

PURSUANT to the provisions of section 60 of the "Boiler Inspection Act," chapter 6 of the Statutes of 1931, His Honour the Lieutenant-Governor in Council has been pleased to approve of the following Regulations respecting the Examination of Candidates for Certificates of Competency as Engineers, in the place of Regulations relating to the Examination of Engineers made by Order in Council No. 28, approved on the 15th day of January, 1902, and all regulations heretofore made in amendment thereof or substitution therefor, annulled:—

REGULATIONS.

1. A candidate for a certificate of competency as a steam-engineer shall in his own handwriting complete an application in the form prescribed by the Chief Inspector and forward same to the Chief Inspector, together with the prescribed examination fee.

2. Each candidate shall have a satisfactory knowledge of arithmetic, and of the English language, both spoken and written.

3. Copies of written certificates and testimonials as to a candidate's character, knowledge, and experience, as prescribed for the particular grade of certificate sought, shall accompany the candidate's application. The originals of such certificates and testimonials shall be produced by the candidate at the time of his examination and at any other time on request from the Chief Inspector.

4. Testimonials covering time spent as an apprentice or mechanic in a workshop shall deal with the candidate's conduct, ability while employed, nature of work done by him, the amount of time spent on making and repairing steam boilers and engines, and on other work, and shall be signed by the employer.

Testimonials covering a candidate's period of service as an engineer or fireman shall deal with his experience, ability, and general conduct and shall be signed by the employer or chief engineer.

When testimonials from employers or chief engineers are not procurable, evidence of workshop time or service, satisfactory to the Chief Inspector, may be submitted in the form of testimonials from creditable persons having knowledge of the facts.

5. When workshop service has been performed in a place where steam boilers and engines are not made or repaired, but the class of work done is similar to that required in steam boiler or engine making, such workshop service may be accepted in lieu of engine-room service, if the candidate has served one year as engineer, in addition to that required for the grade of certificate sought.

6. Three years' additional workshop service in a plant where steam boilers or engines are made and repaired may be accepted in lieu of engine-room service, if the Chief Inspector is satisfied that such service has fitted the candidate for the class of certificate for which application is made.

7. Any person who makes or assists in making any false representation for the purpose of procuring for himself or for any other person a certificate of competency shall be guilty of an offence under the Act, and shall be liable, on summary conviction, to a fine not exceeding \$100.

8. Any certificate of competency granted on improper or insufficient evidence, or through error, shall be forthwith cancelled by the Chief Inspector. If, however, the evidence produced entitles the candidate to a certificate of lower grade, same may be issued to him.

9. If a candidate fails to pass an examination as to his practical knowledge, he shall not pre-

sent himself for re-examination until he produces proofs of three months' further service as fireman or engineer following date of failure. If he fails in arithmetic, drawing, or elementary theory, he may be re-examined at any convenient time.

10. When a candidate who is already the holder of a certificate of competency as a steam-engineer under the Act qualifies for a higher grade of certificate, he shall, on request, deliver up to the Chief Inspector his certificate of the lower grade for cancellation.

11. In addition to the foregoing requirements pertaining to qualification for a certificate of competency, a candidate shall pass the examination and comply with the qualifications herein prescribed for the particular grade of certificate sought, as follows:—

(a.) *First-class Engineer.*—A candidate shall have served at least five years as engineer in charge of a watch of a steam plant of not less than 450-horse power; or he shall have served as a mechanic four years in a workshop on the construction and repair of steam boilers and engines with their appurtenances, and one year as engineer in charge of a watch of a steam plant of not less than 450-horse power. Such watch service shall have included responsibility for regulation of the feed-water and general supervision of the boilers and engines during regular shift. He shall also have been in possession of a second-class certificate for at least twelve months.

The candidate shall, on examination, be able to demonstrate a knowledge of arithmetic up to and including cube root, and of the application of mechanical rules to questions relating to power, duty, and economy of engines and boilers and to stresses in rods, shafts, and levers of the engine; he shall also be required to make an intelligible working-drawing of one or more of the principal parts of a steam plant, marking in, without a copy, all necessary dimensions so that the drawing could be worked from; although fine drawing is not called for, a practical working-plan is required which will show the parts sufficiently in detail so that another engineer could make up the part from the plan.

He shall satisfy the Inspector that he has a sound practical and theoretical knowledge of engines, turbines, boilers, air-compressors, ammonia-compressors, and all auxiliaries such as are in a modern steam plant. He shall understand electrical generators and alternators sufficiently well to be able to intelligently operate such classes of machines. His knowledge of these subjects shall be tested by written and oral examinations set by the Chief Inspector.

(b.) *Second-class Engineer.*—A candidate shall be at least twenty-two years of age; he shall have served at least four years as engineer of a high-pressure steam plant of not less than 200-horse power; or he shall have served as a mechanic at least three years in a workshop on the construction or repair of steam boilers and engines with their appurtenances, and at least one year as engineer of a high-pressure steam plant of not less than 200-horse power.

In addition to having the requirements for a third-class certificate, the candidate shall be able to demonstrate a knowledge of arithmetic up to and including square root; he shall have a workable knowledge of safety-valves, boiler-staying, horse-power calculations, coal and water consumption, and kindred questions; he shall be able to calculate the strength of stays and braces, to explain the method of setting the eccentrics, of testing and altering the setting of slide-valves, of setting and lining up engines, of setting boilers in brickwork, and of making proper connections as required by the regulations; he shall understand the use of the steam-engine indicator, the proper method of attaching the same to the engine, and be able to detect errors in the distribution of steam in the engine-cylinders, as shown by the indicator diagrams; state how these defects may be remedied and calculate the indicator diagram;

he shall also possess an adequate knowledge of the main facts relating to combustion, heat, and steam; he shall be able to calculate safety-valve pressure and the strength of boiler shells, stays, and riveting; he shall be able to calculate the capacity of feed-pumps and be conversant with surface and jet condensation, super-heating and the working of steam expansively; he shall understand the construction of steam-turbines, air-compressors, ammonia-compressors, and electric generators of ordinary types, and be able to maintain such equipment in a working condition. His knowledge of these subjects shall be tested by written and oral examinations set by the Chief Inspector.

A candidate graduated in mechanical engineering from an approved university or school of technology, who has been employed two years in a steam plant, or one year on the construction or repair of steam boilers and engines, and one year in a steam plant, shall be eligible for examination for a second-class certificate, if such service was in a steam plant of 200-horse power or over.

(c.) *Third-class Engineer.*—A candidate shall be at least twenty years of age; he shall have served at least two years as engineer of a high-pressure steam plant of not less than 25-horse power or three years as fireman, or he shall have served as a mechanic two years in a workshop on the construction and repair of steam boilers and engines, and six months as engineer of a high-pressure steam plant of not less than 25-horse power.

In addition to having the requirements for a fourth-class certificate, the candidate shall have a workable knowledge of arithmetic; he shall be able to give a description of engines and boilers, to discuss incrustation and corrosion, know the use and management of the different valves, cocks, pipes, and connections; he shall be familiar with the details of the various constructions of boilers and engines in general use and the purpose of each part, and he shall be able to state in detail all precautions to be taken in the laying up of a steam plant. He shall also have a fair knowledge of the various types of condensers and feed-water heaters. His knowledge of these subjects shall be tested by written and oral examinations set by the Chief Inspector.

A candidate graduated in mechanical engineering from an approved university or school of technology, who has been employed two years in a steam plant, or one year on the construction or repair of steam boilers and engines and one year in a steam plant, shall be eligible for examination for a third-class certificate.

(d.) *Fourth-class Engineer.*—A candidate shall be at least eighteen years of age; he shall have served at least one year as fireman or engineer of a high-pressure steam plant over 3-horse power, or he shall have served as a mechanic at least twelve months in a workshop on the construction or repair of steam engines and boilers and six months as fireman or engineer of a high-pressure steam plant over 3-horse power.

A candidate shall write a legible hand and understand the operation of the feed-pump, safety-valve, and water-gauge, and he shall understand the importance of keeping boilers clean inside and out; also the principles of firing and the general care of engines and boilers. His knowledge of these subjects shall be tested by written and oral examinations set by the Chief Inspector.

(e.) *Fifth-class Engineer.*—A present holder of a fifth-class engineer's certificate may, without payment of further fee, produce such certificate and the required testimonials and be examined as a candidate to become an "engineer with special certificate," the qualifications for which are as hereinafter provided.

(f.) *Engineer with Temporary Certificate.*—A candidate for a temporary certificate shall furnish evidence by testimonials as to his character and habits of life, and shall be able to

pass an examination, oral or written, to the satisfaction of the Inspector regarding the operation of the particular steam plant for which he requires the certificate.

(g.) *Engineer with Service Certificate.*—A present holder of a service certificate shall comply with these regulations if he becomes a candidate for any certificate other than the grade for which he has a certificate of competency.

(h.) *Engineer with Special Certificate.*—(1.) For low-pressure heating plant: A candidate for such engineer's certificate shall have had six months' experience as engineer or fireman in a steam plant and shall have a practical knowledge of the operation of a low-pressure steam plant. This knowledge shall be tested by written or oral examination, or both.

(2.) For creamery steam plant, not exceeding 40-horse power: A candidate for such engineer's certificate shall have had six months' experience as engineer or fireman in a creamery steam plant and shall have a practical knowledge of the operation of such a plant. His knowledge shall be tested by written or oral examination, or both.

(3.) For logging-donkey: A candidate for such engineer's certificate shall have had twelve months' experience as engineer or fireman on a steam logging-donkey, and the competency and experience of the applicant shall be certified to by the owner of a steam-powered logging camp in British Columbia. The applicant shall have a practical knowledge of a logging-donkey and its operation, and his knowledge shall be tested by written or oral examination, or both.

(4.) For traction-engine or road-roller: A candidate for such engineer's certificate shall have had six months' experience as engineer or fireman on a traction-engine or road-roller and shall have a practical knowledge of the operation of same. His knowledge shall be tested by written or oral examination, or both.

(5.) For portable threshing-engine: A candidate for such engineer's certificate shall have had six months' experience as an engineer or fireman on a portable threshing-engine and shall have a practical knowledge of the operation of such an engine. His knowledge shall be tested by written or oral examination, or both.

12. The time and place of any examination of a candidate for a certificate of competency as a steam-engineer shall be fixed by the Chief Inspector or by an Inspector authorized for such purpose by the Chief Inspector. The method of conducting the examination and the nature of questions asked a candidate shall be determined by the Chief Inspector or such authorized Inspector.

13. The words "high-pressure steam plant" where used in the regulations shall mean any steam plant not included in the definition of "low-pressure heating plant" contained in the Act.

Deputy Registrar of Companies.

CERTIFICATE OF INCORPORATION.

"SOCIETIES ACT."

CANADA

PROVINCE OF BRITISH COLUMBIA.

No. 2229.

I HEREBY CERTIFY that "The Radio League" has this day been incorporated as a Society under the "Societies Act."

The locality in which the operations of the Society will be chiefly carried on is Province of British Columbia.

Given under my hand and seal of office at Victoria, Province of British Columbia, this 5th day of August, one thousand nine hundred and thirty-five.

[L.S.]

M. M. McFARLANE,

Deputy Registrar of Companies.

The objects of the Society are:—

(a.) To improve, maintain, develop, and aid radio science and production, recording, and public performance of radio broadcasting and transmission of all kinds:

(b.) To raise the standard of radio broadcasting by means of contests with prizes, festivals, exhibitions, publications, and other means to further the objects of the Society:

(c.) To raise money and procure assets and credits for all or any of the objects of the Society by membership entry fees and membership annual fees and by assessments or levies upon the members, and to grant any rights, concessions, privileges, or recompense to any such member:

(d.) To enter into any arrangement with the Dominion or Provincial Governments, or with any foreign or other government or authority (municipal, local, or otherwise), or with any commercial broadcasting company or corporation which may seem conducive to the Society's objects, and to obtain from any such authority any rights, privileges, or concessions which the Society may think it desirable to obtain, and to carry out, exercise, and comply with any such rights, privileges, and concessions:

(e.) Generally to purchase, take on lease or exchange, hire, or otherwise acquire any real or personal property and any rights or privileges which the Society may think necessary or convenient for the carrying-out of any of its objects or purposes:

(f.) To amalgamate with any other society having objects altogether or in part similar to those of the Society:

(g.) To sell, improve, manage, develop, exchange, lease, mortgage, enfranchise, dispose of, turn to account, or otherwise deal with all or any part of the properties, rights, or assets of this Society:

(h.) To represent and co-ordinate the affairs of the members in their relationship to and their dealings with the Legislature of the Province and the Parliament of the Dominion in the promotion of just and fair legislation on all matters pertaining to or affecting the Society and its objects:

(i.) To use and apply the income and property of the Society whensoever and howsoever derived, solely towards the promotion and fulfilment of the objects of the Society as set forth in this declaration, and no portion thereof shall be paid or transferred, directly or indirectly, by way of dividend, bonus, or otherwise howsoever by way of profit to the members of the Society; provided that the Society shall have power to and may from time to time pay salaries and remuneration to members or employees of the Society for services actually rendered to the Society:

(j.) To provide by the by-laws of the Society that the directors shall control the policies and budgets and scope of affairs of the Society, and shall conduct the business, discipline, and management of the Society and its affairs, and shall exercise all the powers of the Society and carry into effect all the by-laws of the Society:

(k.) To do all such other acts, matters, and things as may be incidental or conducive to the attainment of the above objects. 7268-au8

LEGISLATIVE ASSEMBLY.

PRIVATE BILLS.

EXCERPT FROM STANDING ORDERS RELATING TO PRIVATE BILLS.

100. (1.) All applications to the Legislative Assembly for Private Bills of any nature whatsoever shall require the publication of a notice clearly and distinctly specifying the nature and object of the application, and when the application refers to any proposed work, indicating sufficiently the location of the work, to be signed by or on behalf of the applicant.

(2.) Such notice shall be published in The British Columbia Gazette and once a week in one leading daily newspaper freely circulating in all parts of the Province. The notice in

such newspaper to appear on Wednesday of each week.

(3.) When the proposed Bill is of such a nature that it may particularly affect one or more electoral districts, the notice shall furthermore be published once a week if possible in some newspaper in every electoral district affected, or if there be no newspaper published therein, then in a newspaper published in the electoral district nearest thereto.

(4.) The publication of such notice shall in all cases be continued for a period of four weeks during the interval of time between the close of the next preceding Session and the consideration of the petition.

97. No petition for any Private Bill shall be received by the House after the first ten days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no motion for the suspension or modification of this Standing Order shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committees charged with the consideration of Private Bills, who shall report thereon to the House. And if this rule shall be suspended or modified as aforesaid, the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the petition has been received after the time hereinbefore limited, shall in either case pay double the fees required in respect of such Bill by this rule, unless the House shall order to the contrary.

98. (1.) Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight clear days before the opening of the Session:—

(a.) A printed copy of such Bill:

(b.) A copy of the petition to be presented to the House:

(c.) Copies of the notices published, with publication proved by a statutory declaration or affidavit to the satisfaction of the Clerk of the House.

(2.) At the time of depositing the Bill and petition the applicant shall also pay to the Clerk of the House the sum of three hundred dollars.

(3.) If a copy of the Bill, petition, and notices proved as aforesaid shall not have been so deposited in the hands of the Clerk of the House at least eight clear days before the opening of the Session or if the petition has not been presented to the House within the first ten days of the Session, the amount to be paid to the Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the fees shall be returned.

101. Every petition signed by an agent or attorney in fact shall be accompanied by the authority of such agent or attorney in fact, and the petition shall not be deemed to be filed with the Clerk until this is done.

102. Before any petition praying for leave to bring in a Private Bill for the erection of a toll-bridge is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by Standing Order 100, also at the same time and in the same manner give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts or vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

103. (1.) All Private Bills for Acts of incorporation shall be so framed as to incorporate by reference to the clauses of the general Acts relating to the details to be provided for by such Bills: Special grounds shall be established for any proposed departure from this principle, or

for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the general Act is proposed to be departed from. Bills which are not framed in accordance with this Standing Order shall be recast by the promoters and reprinted at their expense before any Committee passes upon the clauses.

(2.) Every Bill for an Act of incorporation, where a form of model Bill has been adopted, shall be drawn in accordance with the model Bill (copies of model Bills may be obtained from the Clerk of the House). Any provisions contained in any such Bill which are not in accord with the model Bill shall be inserted between brackets or underlined, and shall be so printed.

(3.) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the notice of application for same.

107. All Private Bills shall be prepared by the parties applying for the same, and printed in small-pica type, twenty-six ems by fifty ems, on good paper, in imperial octavo form, each page when folded measuring 10¾ inches

by 7½ inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. Three hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

In the case of Bills to incorporate companies, in addition to the fee of \$300 mentioned in Rule 98, fees calculated on the capital of the company are payable at the same time. Further particulars can be had on application to the undersigned.

All cheques in payment of fees must be certified.

Dated May 1st, 1930.
